

ACTION PLAN REPORT 2019

In November 2019 the Hungarian preparation started for the EYFT 2019. After the preliminary interviews the fourteen students were selected:

Szemán Ábel, Tóth Fanni, Lajos Bence, Pecasz Krisztina, Horváth Andrea, Greutter Lilla, Lerch Tamara, Egerszegi Balázs, Fekete Klaudia, Schein Péter, Tóth Boglárka, Hegedűs Nóra, Tergalecz Dóra, Kaprinay Katalin

We met every week to improve our vocabulary and broadened our horizon about the topics of environment protection, human rights, media, social issues and migration.

We were looking forward to our travel especially because we invited Nagy Marcell to reveal all of his experiences about EYFT 2018.

We left at midnight on 2 March 2019 and after a sixteen-hour bus trip finally we arrived in Trogen. Our housemates Croatia, Russia, France and Latvia were outstanding friends throughout the week.

We enjoyed the workshops immensely and we are really grateful for the organisers to put together a fabulous week.

That was a reason why we wanted to share our experiences with our schoolmates so we organised the workshops in little.

EYFT has a high reputation in our school so our students are honoured if they get selected for the programme.
