

Scotland

Arran High School is a six year non-denominational comprehensive school situated in the village of Lamlash on the east coast of the Isle of Arran. It serves all the villages and surrounding areas of the island. We have 231 students in the school, and have a primary school and nursery school on site too. Our nearest city is Glasgow, but to get there takes about 2 hours and includes an hour long ferry ride. Our school values are Ambition, Belonging, Compassion and Trust and our curriculum and extra-curricular programme provide opportunities to develop and demonstrate these values.
